200 Blank IntelliBadge, Double-Sided, for Zebra Printer 4" X 3"

By choose2rent in Craft > Cardboard

Weight: 0.46 lbs

Introducing the patented IntelliBadge, a revolutionary new tear resistant badge. IntelliBadge is a unique, linerless, self-adhesive badge. Upon folding, it resembles a solid badge with a professional appearance. The badge's backside is only adhesive to itself. Instead of a traditional fanfold stack, IntelliBadge comes on a roll. Any registration counter can benefit from it as it saves valuable space. The IntelliBadge has three slots for lanyards. Lanyard slots are pre-punched but not removed. A single attachment lanyard or a double attachment lanyard can be used.

Item Height

3" / (76.2mm)

Item Width

4" / (101.6mm)

Quantity

2 x Roll of 200 with 1" core

Print Method

Direct Thermal

Material

Tear Resistant Synthetic

Sensing Type

Timing Mark

Compatibility

Zebra (Direct) Thermal Printer

Enhanced Format

IntelliBadge can save up to 50% with its roll format, compared to traditional fanfold stacks.

Enhanced Satisfaction

Attendees report 90% higher satisfaction with IntelliBadge vs. traditional conference badges with air pockets.

Faultless Function

IntelliBadge cuts badge-feeding errors by 100%, unlike other fanfold adhesive name badges.

Green Badging

Eliminating the liner cuts 100% of waste, making IntelliBadge eco-friendly.
